# LET'S GET CREATIVE.

## Tēnā koutou!

Yoobee Colleges is committed to developing generation after generation of New Zealand's leading creative and technical talents. We've been doing it for 30 years and will continue for a long time to come.

We are passionate about providing unique opportunities to high school students which is why this April we are launching two new tech-based courses: E-Sports and Ethical Hacking.

### COVID-19 Statement

In the event of a potential COVID-19 lockdown (that would affect these courses), we have the capacity to deliver courses remotely. We have experience in successfully continuing the delivery of our holiday programmes online based on previous lockdowns. If this situation did arise, the available options would be remote learning or a transfer to the following holiday programmes. We would also be in touch with you directly on the suitable options available.

## JOIN OUR CREATIVE COMMUNITY TODAY!

EXCLUSIVE CONTENT, FREE TUTORIALS, GIVEAWAYS, COMPETITIONS AND CONNECT WITH LIKE-MINDED STUDENTS NATIONWIDE.

# April Holiday Programmes

## Ethical Hacking

### Secure and test data security!

Learn about common risks and threats to network and information security and how to protect yourself from hackers. You'll explore legal and regulatory requirements including best practice for keeping your devices and network secure. Includes an introduction to 'ethical hacking' - using tools to test your own systems for weaknesses that a hacker might exploit.

- Legal and regulatory requirements
- Organisational compliance requirements
- Addressing security and privacy risks
- Security solutions for devices and networks
- Using tools to test your information security

**Time:** 9am - 3pm

3 Days	20th - 22nd April	\$225
--------	-------------------	-------

## Intro To Film and Television Production

### Hands-on Practical Film Training

Students will shoot and record his or her own location production, edit this into a programme item, record their own photo stills video, and take part in a studio magazine programme production.

- Camera and sound recording operations
- Studio video camera and sound recording
- Directing of location and studio productions
- Studio control room vision switching
- Studio production floor managing
- Post-production editing
- Reporting, presenting and interviewing

**Software:** Premiere Pro

**Time:** 9am - 5pm

**Campus:** Auckland - South Seas

3 Days	19th - 21st April	\$290
--------	-------------------	-------

## E-Sports

### Create an E-Sports tournament!

Learn what goes into setting up an exciting E-Sports event. Explore different games and genres used in e-sports tournaments, event planning and preparation. You'll create a mini tournament on campus including live streaming. An exciting introduction to e-sports and gaming communities.

- Exploration of potential games and platforms
- Setting up steaming equipment and software
- Options for custom levels and environments
- Planning and running an e-sports event
- Participating in an e-sports tournament

**Software:** OBS Studio, Twitch or other relevant streaming software

**Time:** 9am - 3pm

3 Days	27th - 29th April	\$225
--------	-------------------	-------

## Introduction To On-Screen Acting

### Beginners course for aspiring actors!

This 3 day introductory course is designed to give students an insight into the methods and techniques taught and training practices used on the Yoobee Colleges 2 year full-time Diploma in On-Screen Acting course. Work is recorded and reviewed throughout the course, enabling students to identify their potential as actors within the Film and TV industry

- Work in front of the camera in ad lib situations & with scripts
- Basic acting technique and script analysis
- Audition technique and commercial work

**Time:** 9am - 4:30pm

**Campus:** Auckland - South Seas

3 Days	19th - 21st April	\$290
--------	-------------------	-------

# April Holiday Programmes

## Digital Illustration

### Getting creative with a tablet

Working through the basics of canvas set-up, brush presets, colour theory and then to the fundamentals of how to create a series of illustrations with the skills you have learnt. Packed full of several exciting illustration mini-projects and the ultimate introduction to the Wacom tablet.

- Traditional drawing exercises
- Introduction to Photoshop
- Character design and other creative activities
- Wacom Tablets/iPads are provided
- Take home your printed creations

**Software:** Photoshop

**Time:** 9am - 3pm

4 Days	19th - 22nd April	\$300
--------	-------------------	-------

## VFX

### Visual Effects for Film

Have you ever wondered how a lightsaber works or how to cast spells like Harry Potter? Then check out the VFX holiday programme. This four day course will introduce you to Adobe After Effects and the key techniques required to make an epic VFX sequence.

- VFX Fundamentals & Principles of Visual Effects
- The VFX pipeline
- Understanding After Effects
- Rotoscoping & Tracking
- Keying and Blending Modes
- Compositing

**Software:** After Effects

**Time:** 9am - 3pm

4 Days	19th - 22nd April	\$300
--------	-------------------	-------

## Game Design

### Create your own video game

Design and create assets for your very own game in industry level programmes: Unity & Maya. From introduction level, understand the basics of game creation and 3D modeling.

- Pre-Production of Game Design
- Modeling in Maya
- Asset creation for your game
- Level building
- Programming in Unity
- Play testing amongst your classmates
- Learn how to export your game for PC and Mac

**Software:** Unity & Maya

**Time:** 9am - 3pm

4 Days	19th - 22nd April	\$300
--------	-------------------	-------

## 2D Animation

### Design characters & landscapes

Creating simple characters and backgrounds in two-dimensional environments which are often used in advertisements, films, TV, computer games and websites.

- Principles of animation
- Storyboarding
- Creating assets in Photoshop
- Motion graphics in After Effects
- Wacom Tablets are provided

**Software:** After Effects & Photoshop

**Time:** 9am - 3pm

3 Days	\$225
Manukau Campus	20th - 23rd April
City Road Campus	27th - 29th April

# April Holiday Programmes

## Film-making

### Practical workshop in Film

Make your very own mini-film in a 4-day workshop by learning hands-on skills in film-making. Working in teams, you will learn some brand new skills in filming and then work through the production process. On the last day, there will be an in-class screening of your masterpiece!

- Storyboarding & Pre-Production
- Understanding camera basics for Film
- Group work included

**Software:** Premiere Pro

**Camera:** Industry standard DSLR (provided)

**Time:** 9am - 3pm

4 Days	19th - 22nd April	\$300
--------	-------------------	-------

## 3D Animation

### Learn the principles of Animation

An in-depth three day workshop diving into the basics of 3D animation in Maya. You will be learning how the entire process of building simple animations, understanding how the internal structure works and how to make your animation have basic interactions and functionalities such as flying, landing and moving.

- Pre-production of animation
- Working on a pre-built rig
- Lighting and camera angles
- Rendering your project

**Software:** Maya

**Time:** 9am - 3pm

3 Days	20th - 22nd April	\$225
--------	-------------------	-------

City Road And Manukau Campuses

## Visual Design

### Branding & Poster Design

Spend three days developing core skills in graphic design software: Photoshop & Illustrator. You will be working to a design brief for a simple advertisement poster by incorporating your own icon design made.

- Creating an advertisement poster in Photoshop
- Icon design in Illustrator
- Take home your printed creations

**Software:** Photoshop & Illustrator

**Time:** 9am - 3pm

3 Days	20th - 22nd April	\$225
--------	-------------------	-------

## Digital Painting

### Concept art & digital environments

This four-day course will introduce you to the creative process behind effective concept art and painting beautiful scenery. You'll learn the skills required to quickly produce high quality and impressive artwork that will bring your ideas to life.

- Adobe Photoshop basics
- Perspective, colour and art fundamentals
- Cloud & sky tutorials
- Wacom Tablets are provided!

**Software:** Photoshop

**Time:** 9am - 3pm

4 Days	27th - 30th April	\$300
--------	-------------------	-------

# THE IMPORTANT INFO

## STAR Funded

Yoobee is an authorised STAR provider and our courses offer great opportunities for students to develop their creative abilities and learn new skills and techniques in the ever-changing world of design.

STAR funding can be allocated to students as we provide them with relevant and coherent learning experiences aligned to vocational pathways.

## Equipment Provided

Our School holiday courses give everyone a chance to try new things, this includes using our equipment! Enjoy the use of our high spec PC's, or learn how to operate and industry standard DSLR camera. We have iPads and Wacom Tablets galore and all the industry standard software needed to get stuck in!

Count: 0

## Study with Us!

Our next intake for our full-time programmes starts in July in campuses nationwide. Enrolments are also now open for February. To enrol now in either intake, either jump on our website or speak to one of our friendly Student Recruitment Advisors. They can help map out your study journey with us!

**0800 66 55 44 | [www.yoobee.ac.nz](http://www.yoobee.ac.nz)**

## Taught by Industry Professionals

When our tutors aren't teaching or learning new things themselves, they are working in the industry.

We have professional filmmakers, designers, and artists all willing to share their work experience with you.

Each tutor is passionate and incredibly excited to share what they know!
